Dear Naresh Kumar Artham

RE: Offer of Employment

Further to our discussions we are delighted to offer you the position as a Java Developer, G3 Soft Inc will pay you an annual gross salary of $65000.00/- (subject to statutory tax deductions) and you will be entitled to all benefits provided to all our employees in the US.

For your current assignment you will work for an ongoing project with our client Verizon Wireless, 5000 Britton Rd, Hilliard, OH 43026, starting from 07/01/2019

As a Java Developer your Responsibilities include

- Design, implement and maintain java application phases
- To take part in software and architectural development activities
- Conduct software analysis, programming, testing and debugging
- Identifying production and non-production application issues
- Transforming requirements into stipulations
- Develop, test, implement and maintain application software

You shall devote your full time and attention to the company's business. We retain the sole and exclusive right to control your employment and the manner and means for accomplishing the services to be performed.

Further, irrespective of the client location and project that you are assigned to, during the duration of your employment with G3 Soft Inc, you shall at all times be supervised by our assigned Project/ Delivery Manager.

If you have any questions, please email me at Hr@g3softinc.com or can call me on +1 908-941-4917

Sincerely,

Lakshmi/

Lakshmi Gaddam
Director of Operations
